

Experienced Unity3D Developer

Sixteen Tons Entertainment, developer of the renowned EMERGENCY series, is looking for a Unity3D Developer to join its team of passionate game developers on-site in one of its studios near Stuttgart or in Berlin.

As Unity3D developer, you will play a key role in programming high-quality serious and consumer games. You will work closely together with game designers, artists and project managers.

Your tasks:

- Implementation of features for mobile and console games using Unity3D / C#
- Refinement, optimization and extension of existing code
- Evaluation and integration of plugins and third-party technologies
- Porting existing projects to new hardware or devices
- Creation of technical design and software architecture documents
- Contribution of your own creativity to the design process of game features

Qualifications:

- Bachelor's Degree in Computer Science or similar
- At least 2 years working with a professional game or application development team
- Experience with Unity3D
- Advanced C# programming skills
- Familiarity with software engineering best practices
- Good knowledge of code optimization and profiling tools
- User-oriented thinking
- EU citizenship or a valid working permit for Germany
- Passion for games

Desirable skills:

- Two or more shipped titles as a programmer
- Experience with console development (PS4, Switch)
- Familiarity with SVN
- Ability to communicate effectively in German
- Mentality of a problem solver who stays cool even when dealing with a high workload

What we offer:

- Play a central role in a team that has been making games for over 20 years
- Take part in the development of the globally successful "EMERGENCY" game series
- Challenging and exciting game projects
- A highly motivated team with a flat hierarchy and fast decision making

Our current products:

- <https://play.google.com/store/apps/details?id=com.sgs.emhq.android>
- <https://itunes.apple.com/app/emergency-hq/id859148736>
- https://store.steampowered.com/app/735280/EMERGENCY_20/

Even if you don't meet all of the qualification requirements, we would love to hear from you.
